

Happy New Year and Thank You to our Amazing Donors!

We are so grateful for your generous contributions during our Annual Appeal campaign and throughout the past year, bringing the grand total of our funds raised in 2021 to \$375,000! With these donations, we are able to continue to fund impactful end-of-life and bereavement support programs, as well as produce educational resources, such as our new pet loss grief support series featured below. Stay tuned for an update next month regarding our inspiring new 2022 grantees!

New Resource Series

We are proud to announce the launch of our new grief support series for those who are suffering the loss of a beloved pet.

Pet loss is an often underrecognized area of grief support. To help fill the gaps, we worked with a local veterinarian, chaplain and veterinary social worker to develop relevant and informative tools for those who are grieving the loss of their beloved companions. We produced a five-part video series -- "Unconditional Love, Unique Loss" -- that explores the immediate aftermath of a pet loss, as well as the associated feelings of guilt around euthanasia and the stigma of sharing pet loss grief with others. It also covers ways to move forward after a loss and how to talk to children when a pet dies. In addition, our [free new resources](#) include written guides, along with links to suggested local support services, books, podcasts, etc.
