We are excited to present our new program, Comfort in Commerce, building community while inspiring hope and healing for our neighbors who are grieving.

Each month, we will partner with a local business to share a special offer with our Parmenter friends. **You must "Follow" or "Like" The Parmenter Foundation, on Facebook or Instagram, to take advantage of these exclusive deals and make sure not to miss them as they come up.**

Our first business partner is Laurel Grove, a home decor shop, with locations in Sudbury and Wellesley, offering unique home accents and gifts, including handmade items from local artisans. This is a great place to find gifts for your friends and loved ones who are facing challenges, and to find inspiration for home decorating projects that can be therapeutic and healing for those who are grieving.
